

Rittal – The System.

Faster – better – everywhere.

More Application Flexibility

More
application options

Five new double door sizes have been added to our AX wallmounted enclosure range, to create even more application options. The 16" and 24" high enclosure are available in widths of 32", 40", and 48", offering a single enclosure solution for a variety of applications.

Tried-and-Trusted AX Design Principle

Technical features:

- Large, seamless mounting panel
- Double door for easy access
- Eyelets in the rear wall for wall mounting

The wide version of the AX wallmounted enclosure is perfect for applications with limited height, being both space-saving and functional. It follows the tried-and-trusted AX design and offers maximum flexibility and time savings for no-drill interior installation, extensive door installation options, and ample space for cable entry.

Model No.	Part Number	Dimensions	Packs of
AX163210NC	<u>1094000</u>	400 x 800 x 250 mm	1
AX163212NC	<u>1095000</u>	400 x 800 x 300 mm	1
AX244012NC	<u>1096000</u>	600 x 1000 x 300 mm	1
AX164812NC	<u>1112000</u>	600 x 1000 x 300 mm	1
AX244812NC	<u>1113000</u>	600 x 1200 x 300 mm	1

Your benefits at a glance:

- Ideally suited for use with logistics applications such as conveyor systems and the like, where the enclosure is installed underneath the machines
- Integrated locators in the housing enable the precise, time-saving incorporation of AX depth rails providing increased mounting space on the sides of the enclosure
- Configuration without machining
- UL conformity is guaranteed as long as Rittal accessory components are used
- Safe, simple earthing concept
